a. Remain
b. Reconcile

We're in this together.

The church has a burden to bare.

Four "should" statements:

- We should embrace, nurture, and celebrate God's original design for gender identity
- We should encourage our young people to enter marriage seriously, prayerfully, carefully, and faithfully
- We should support marriages through pray, personal faithfulness, transparency, and oneness
- We should fight together against divorce, making every effort to see marriages restored and made stronger

03 **God's will when marriages are...**

2. Divided by Divorce v. 10-11
3. Divided by Devotion v. 12-16

When a believer stays...

- Sanctification is Present
- Salvation is Possible
